this report provides a framework for assessing the social impact investment market and focuses on the need to build the evidence base in particular for impact assessment compared to existing social service delivery models

homelessness is one the of the most extreme forms of poverty and while it is a visible problem worldwide it is largely overlooked by many the book explores this critical issue exploring available statistics and offering insights from the latest economic research despite growing inequality the lingering effects of the covid 19 pandemic and other socio eco nomic shocks that have deepened vulnerability reliable data on homelessness remain elusive this book presents innovative research that provides a comprehensive dataset on homeless pop ulations across 36 countries and 123 cities across europe through empirical analysis the authors identify the structural economic and social factors associated with homelessness and highlight the urgent need for policy reform drawing on point in time counts and in depth interviews with homeless people in italy the authors have been able to define the typical profile of those homeless ideal for students academics policy makers and advocates alike this

book serves as a critical resource for those seeking to understand the deep rooted complexities behind one of society's most pressing issues this book provides data driven insights that will inform policy and shape future research to tackle and reduce homelessness on a global scale

this book stems from a series of biennial conferences devoted to issues affecting air transport provision in remoter regions that have been organized by the centre for air transport in remoter regions at cranfield university the primary aim of the conferences has been to provide an opportunity for those responsible for operating managing regulating and financing air transport services and associated infrastructure in these areas to be informed of the latest best practice initiatives to contrast different policy approaches and to debate potential solutions to perennial problems remoter regions has been a neglected area of air transport as much of the focus of public and media attention is on the larger airlines airports and aircraft while the number of large airports in the world is in the hundreds there are many thousands of smaller airports providing communities all over the globe with vital air links more often than not these services and the airports to which they are operated are loss making and require subsidies to sustain them there are therefore many more interested parties involved in both providing and deciding issues relating to the provision of air transport in these situations most especially central regional and local governments who are charged with financing these activities the book contains 17 chapters from experts in remote region air transport within the following 5 sections key economic and socio economic issues subvention mechanisms route development initiatives infrastructure provision issues affecting the provision of air services in remoter regions
